Workout Class Descriptions

Aqua Fit

A water aerobics class with easy to follow moves. A calorie burning, muscle toning workout highly effective, as well as supporting some of the body weight thus making it low impact, reducing any stress on the joints.

Body Conditioning

A variable whole body workout designed to strengthen and tone the major muscles using a variety of studio equipment.

BoxFit Circuits

BoxFit Circuits is an intense sports specific workout that utilizes bags and gloves, focus pads and shadow boxing as well as some cardiovascular exercises and resistance training methods relevant to boxing. It is a great class to unleash your aggression!

Children's Activities

Working with props, music, movement and story telling pre-school children can learn routines, promoting use of rhythm and basic movement patterns to build confidence, creativity, motor skills and co-ordination whilst having fun!

Circuits

An easy to follow effective workout consisting of a series of short bursts of a variety of cardiovascular/calorie burning movements and muscle toning/strengthening exercises.

Legs, Bums & Tums

A short aerobic warm up followed by combination of moves concentrating on the mid to lower body muscles to tone and tighten those all important areas. Studio equipment may be used to increase the intensity of the class.

Mat Pilates

A mat-based class using multi-muscle exercise techniques to help correct posture alignment and strengthen core stomach and back muscles. Performed using controlled breathing to promote well-being, flexibility, stress relief and relaxation.

BTS - Body Training Systems.

The classes are run worldwide. Every three months Les Mills releases a new programme to each class with fresh choreography and music. We run the following BTS classes:

Body Combat

Combines moves and stances from a range of self-defence disciplines like karate, boxing and taekwondo into an hour long energetic routine. Music and choreography create a fierce, energetic experience which raises fitness levels throughout the whole body, while reducing fat and cholesterol.

Spin

The highest calorie burner on the timetable! A really effective motivating cardiovascular workout on our indoor cycles that involves no routines or coordination. This class is suitable for all levels from the beginner to the most advanced of riders.

Stability Ball

A workout focussing on body alignment, muscular strength and balance using the stability ball in a standing, seated and lying position. The class requires the use of your core stability muscles to aid balance, co-ordination and posture. A fun and effective workout using a ball, suitable for everyone.

Yoga

You will be led through a series of postures in a dynamic flowing style giving increase in strength, flexibility and stamina, as well as cleansing & calming the mind. Synchronicity of breath and movement is a primary focus alongside correct anatomical alignment of body in motion.

50+

Add years to your life and life to your years, participate in our studio workouts & go for a swim afterwards on a Monday and Friday with people of a similar age, improve your health and meet new friends.

Zumba

Zumba is a dance fitness class that incorporates Latin and international music together with dance movements, creating a dynamic and effective workout. This fun Latin inspired dance program includes rhythms like salsa, cumbia, cha cha, flamenco, rock and roll and many more. Suitable for all fitness levels.

Body Pump

The original barbell class that strengthens your entire body. This workout challenges all your major muscle groups by using the best weight-room exercises like squats, presses, lifts and curls. Great music, awesome instructors and your choice of weight inspire you to get the results you came for - and fast!

Body Step

A fun and effective structured cardiovascular step class that shapes and tones the lower body.
